Re: Well No. 13-A Getty-Pan American
Rangely, Rio Blanco (Mancos)

Dear Mr. Delaney:

Before approval can be given to drill the above well, it will be necessary to first bring up-to-date delinquent reports on wells listed on the attached sheet.

Completion reports should be filed when the well has been drilled to it's final total depth. Any production from a well such as that noted on the #9 Getty-Pan American should be reported on an OGCC-7.

We would appreciate an early response to this request.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
