Dear Sir:

We have been advised that the U. S. G. S., approved your No. 5-W Government well in the SW/2 Lot 14, Section 4, Township 1 North, Range 102 West, some time ago. As yet we have not received any notification from you nor issued a permit to drill this well.

Enclosed is a copy of the law, in this regard, and we call your attention to the \$75 filing and service fee which is now in effect.

Clarification is also needed on two other wells - the #4-W Government well has never had a Completion Report filed, nor has the method of plugging been submitted. We have not had any reports on the #1 Woolsey well since November 1963. Will you please advise of its present status and your future plans in this regard.

Your prompt attention to each of the above mentioned matters will be greatly appreciated.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

William R. Smith, Deputy Director
