Is the estimated duration of the Flowline Abandonment operations for this Location anticipated to last for longer than one day? Yes If YES, briefly describe the planned activities and the estimated duration of these operations:

Fluids will be vacuumed from the flowline to ensure that abandonment does not contaminate the ground. The ground will be excavated in 50 foot increments along the flowline. The flowline will be cut and pulled through these 50 foot increments. Once the flowline is removed, the ground will be filled and graded with clean soil to leave the ground as undisturbed as possible.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct and complete.
