Dear Dr. Hickerson:

On two previous occasions we have written to you requesting a completion report on your No. 1 Government well drilled in Section 9, Township 1 North, Range 80 West, in violation of our Rules and Regulations.

We have also requested through Berger, Briggs & Company, additional information on the Charley Ellis well No. 1, Section 8, Township 35 North, Range 13 West. Neither request has been answered as of this date.

We solicit your immediate attention to this matter, and have enclosed a few OGCC Form-5's for your use.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO
