Dear Mr. Dorsch:

Your recent correspondence with the State Board of Land Commissioners with reference to above bond has been referred to this office for investigation.

We find in our files that the Stanolind Oil & Gas Company, on March 22, 1945, furnished a bond in the amount of Two Thousand Dollars in connection with the drilling of their #1 Scott well in the SW $\frac{1}{4}$ of Section 20, Township 1N, Range 93W, Rio Blanco County, Colorado. We believe this must be the bond about which you have been writing.

All reports in connection with the drilling of this well were filed in October, 1945, so this bond, of course, is no longer required by this office, and may be cancelled as of October 31, 1945.

If this is not the bond to which you refer in your correspondence, please let us know and we will check further.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
