Dear Mr. McKee:

RE: DYCO PETROLEUM CORPORATION  
BOND NO: 40 S 5791

In your reply of April 21, 1974, you advised that you would release the above captioned bond when you received notification that the location had been cleaned and leveled. There was also what appears to be a lease description on the reply: 17-1N-93W.

Would you please advise if you have received the necessary papers in order to close this file and if so, the effective date that we can cancel our bond and terminate our liabilities.

Sincere regards,
