Oil & Gas Conservation Commission,  
Room 312, State Services Bldg.,  
Denver (3),  
Colo.

Dear Mr. Jersin:

In answer to your letter of September 12,  
relative to a well being drilled by Nick G. Kritsas whose  
address is Meeker, Colorado, wish to state that the well  
is not finished and Mr. Kritsas has had a lot of hard luck  
with this well but expects to get it finished before long  
if he can get the proper help.

Thanking you I am.

Very truly yours,  
  
C.P. Rigby.
