Inspection Photos

Photo 1. Facing north toward the former access road.

Inspection Photos

Photo 2. The area at the beginning of the road is not reclaimed and perennial vegetation has not established.

Inspection Photos

Photo 3. Facing south along the access road. There are areas along the road that have not established perennial vegetation and these areas appear to be compacted.

Inspection Photos

Photo 4. Facing north further along the former access road. The perennial vegetation has re-established along most of the former road.

Inspection Photos

Photo 5. Facing south along the access road. There are areas along the road that have not established perennial vegetation and these areas appear to be compacted.
