**General Comment:****CECMC Inspection Report Summary**

On 10/30/2024 at approximately 12:12 hours, I, Compliance Specialist, Wayne Smelser  
 Conducted an on-site inspection at TEP ROCKY MOUNTAIN LLC FEDERAL RMV 169-18 Pad.  
 Location # 335604 in Garfield County Colorado.  
 Location is within High Priority/Density Habitat areas.  
 Location is approximately 7 yards from a creek/drainage that contributes to the Colorado River.  
 While there, I observed normal production operations.

During this inspection the following compliance issues were observed:

1. Signs/Marker - Tank label lacks capacity/does not comply with CECMC rules with a CA date of 12/03/2024
2. Stormwater - Sediment laden stormwater running off lease road into a vegetated area/insufficient BMP's with a CA date of 11/18/2024

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with CECMC rules.

This is a summary of inspection report.
