Dear Sir,

In our last conversation I told you that I would finish the well soon but I had some bad luck. This guy hit me on the wrong side of the hi-way and I had my license suspended and could not go to work. Now I have my license again which was reinstated in November. Now while I can go to work the women have there cattle there and they don't allow me to turn the water loose to drill. So I have to ask you to give me some time until they take the cattle out. Even to plug the the hole I have to turn the water loose. So I hope you see your way to let me go until they take the cattle out.

Yours truly,
Nick Kritsas
