RE: R. V. Borchert  
#6 Schmidt SW NE  
Sec. 31, T. 2 N., R. 53 W.  
Washington Co., Colorado

Dear Doug:

The forms 4 and 5 for the captioned well are enclosed.

The toolpusher for Gable Drilling was supposed to get the plugging orders from you; however, knowing that operation, there is some doubt as to their actions.

I was unable to get cement tickets from Gable's office, in fact he and I have a mutual misunderstanding and I would likely be unable to get the correct time.

Should there be anything further regarding this well, let me know.

Thank you,
