Location ID: 335054

December 10, 2024

December 10, 2024

Photo 1: Photos taken from the north and east ends of the working pad surface. Photos show areas where stormwater runoff was document discharging from the working pad surface, resulting in sediment transport/deposition and degradation to the interim areas of the Location. Unable to find evidence that work to install or repair BMPs to properly manage runoff has been performed.
