General Comment:

[CECMC Inspection Report Summary](#)
On 12/05/2024 at approximately 15:03 hours, I, Compliance Specialist, Wayne Smelser Conducted a follow up inspection at QB Energy SAVAGE RE1 Pad. Location # 334639 in Garfield County Colorado.
Please refer to inspection 708902521 conducted on 12/11/2023, 1 of 2 previous corrective actions has been completed. Unable to verify status of Stormwater corrective action due to snow. Location is within Black Bear/High Priority/Density Habitat areas. Location is in close proximity to Rule 411a Surface Water External Buffer. While there, I observed normal production operations.

During this inspection the following compliance issues were observed:

1. Signs/Marker - Methanol tank lacks some required labeling/does not comply with CECMC rules with a CA date of 01/08/2025

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with CECMC rules.
This is a summary of inspection report.

Any corrective actions from previous inspections that have not been addressed are still applicable.
