<p>THIS IS A FOLLOW UP INSPECTION TO PREVIOUS INSPECTION DOC#: 714201750. All previous corrective actions assigned to this location have not been resolved. All previous corrective actions assigned to this location have been re-assigned to this location with it's original corrective action date. Please review my findings below for additional information.</p> <p>ECMC Inspection Report Summary WEATHER CONDITIONS: sunny, dry ground On Thursday, December 5, 2024 at approximately 1145, I, Inspector Brittani Santistevan, conducted an on-site inspection at BEEBE DRAW 41-9 (Kerr McGee Oil & Gas Onshore), at location ID: 328544 in WELD COUNTY, Colorado. While there, I observed a PA location. During this inspection the following possible compliance issues were observed: 1. It appears to be an unused/disconnected gas meter on a PA location. Operator is responsible to remove any and all equipment associated with the last PA wellhead. Comply with Rule 606, 603.m. (Corrective Action Date: November 3, 2024) See attached photo #2.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.</p>	santistb	12/09/2024
