COMMENTS:

Civitas Resources was approved by the ECMC to remove option 3 offset mitigation COA for the State 1-10 (123-05145) that was assigned to the State Seventy K-3 Holes pad (Location ID 434100) on September 9th, 2024.

This is in consideration of the previous fracs which were conducted in the vicinity of this well, the fact that the Fox Hills and offset water well zones are behind surface casing, and that nearby existing laterals should serve as alternative pressure sinks.

This Form 4 is to document the discussion and determination between the ECMC and Civitas Resources.
