VEGETATIVE COVER \_\_\_\_\_

Comment: The Hill Ranch 9-03V well was plugged and abandoned on 7/31/2024 and there is a remaining active well at this location. The south side of the location has been reclaimed and the associated pit is backfilled. It is unknown if the pit has been closed per the 900 series rules as there is no supplemental form 27 for sampling of the pit and wellsite.
