General Comment:

On 12/31/2024, Western Reclamation Work Lead Trujillo conducted a final reclamation inspection at Windsor Energy Group LLC's PRF #E-1W Location in Rio Blanco County, Colorado.

This inspection is a follow-up to #696205999 to document compliance with the following corrective actions:
-1004 Final Reclamation

It was observed in this inspection that the corrective action remains outstanding.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable.

Comment:

<p>Previous inspections observed that the Location does not meet final reclamation requirements- Access road has not been reclaimed. Vegetation established on Location appears to be predominantly Broom Snakeweed; establishment is largely uniform throughout the site. Material piles (rock/gravel/dirt) remain stockpiled on the Location- trash debris also observed. Inspections required Operator to comply with 1004 Rule.</p> <p>Limited inspection due to snow cover, however, unable to find evidence that work has been performed in accordance with 1004 requirements and corrective actions. This CA has not been addressed and remains applicable.</p>		Date _____
Corrective Action:	<p>Corrective Action per Inspection #680102877:</p> <p>Perform Final Reclamation per COGCC 1004 Rules, including but not limited to, removing materials pile (verifying that there is no evidence of Well in pile footprint), reclamation of access road & seeding areas disturbed by activities and any other areas bare of vegetation.</p>	
<p>Overall Final Reclamation Fail Well Release on Active Location <input type="checkbox"/> Multi-Well Location <input type="checkbox"/></p>
