<p>THIS IS A FOLLOW UP INSPECTION TO PREVIOUS INSPECTION DOC#: 714201759. All previous correct actions assigned to this location have not been resolved. All previous corrective actions have been reassigned to this location with the original corrective action date. No new corrective actions were observed at the time of re-inspection. Please review my findings below.</p> <p>ECMC Inspection Report Summary WEATHER CONDITIONS: partly cloudy, dry ground. On Monday, January 6, 2025 at approximately 13:00, I, Inspector Brittani Santistevan, conducted an on-site inspection at REEVE 41-15 (Noble Energy Inc), at location ID: 319006 in WELD COUNTY, Colorado. While there, I observed a plugged and abandoned location. During this inspection the following possible compliance issues were observed: 1. It appears the gas meter remains on a plugged abandoned location. Remove to comply with Rule 606, 603.m. (Corrective Action Date: November 7, 2024) See attached photo #3.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.</p>	santistb	01/07/2025
