**General Comment:**

On 1/8/2025 Western Reclamation Work Lead Trujillo conducted a Final Reclamation inspection at Vision Energy LLC's FEDERAL #15-1 location in Mesa County, Colorado.

Location is Fed Surface / Fed Minerals

The following compliance issues were observed during this inspection:

-911/913: Facility Closure, Remediation and Reporting Requirements

-1004: Final Reclamation Requirements.

Due to the extent, duration and/or nature of the compliance issues observed, and ECMC's expectation that Operators are in compliance with Rules at all times, the "date of inspection" is being provided for corrective actions required in this report, as this is the date the location was observed to be out of compliance; Location will remain out of compliance until corrective actions are addressed.

Refer to the Reclamation sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable

Corrective Action: \_\_\_\_\_ Date **01/08/2025**

Contact area EPS and comply with outstanding COAs per F27 #403257855.

Comply with 1004 Rules and perform Final Reclamation at the Location including, but not limited to, removal of surface equipment, compaction alleviation (cross-rip to 18 inches minimum), recontouring/regrading, and establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels on the Location and access road.

Comply with Rule 1002.f and ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until Final Reclamation has passed.
