**BEFORE THE OIL & GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO**

IN THE MATTER OF AN CORRECTED APPLICATION BY EXTRACTION OIL & GAS, INC. FOR AN ORDER POOLING ALL INTERESTS IN TWO (2) DESIGNATED WELLBORE SPACING UNITS ESTABLISHED FOR PORTIONS OF TOWNSHIPS 6 AND 7 NORTH, RANGE 67 WEST, 6TH P.M., FOR THE DEVELOPMENT AND OPERATION OF THE NIOBRARA AND CODELL FORMATIONS, WATTENBERG FIELD, WELD COUNTY, COLORADO

CAUSE NO. 407

DOCKET NO. 191100729

TYPE: POOLING

**CORRECTED APPLICATION**

Extraction Oil & Gas Inc., Operator No. 10459 (“Extraction” or “Applicant”), by and through its attorneys, Beatty & Wozniak, P.C., respectfully submits this Corrected Application (“Application”) to the Oil and Gas Conservation Commission of the State of Colorado (“Commission”) for an order pooling all interests in two (2) designated wellbore spacing units established for portions of Townships 6 and 7 North, Range 67 West, 6<sup>th</sup> P.M., for the development and operation of the Niobrara and Codell Formations (“Target Formations”). In support of its Application, Applicant states and alleges as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado, and has registered as an operator with the Commission.

2. Applicant is an owner in the below-listed lands:

Township 7 North, Range 67 West, 6<sup>th</sup> P.M.

Section 34: S $\frac{1}{2}$ SE $\frac{1}{4}$ ; SE $\frac{1}{4}$ SW $\frac{1}{4}$

Section 35: S $\frac{1}{2}$ S $\frac{1}{2}$

Township 6 North, Range 67 West, 6<sup>th</sup> P.M.

Section 2: N $\frac{1}{2}$ N $\frac{1}{2}$

Section 3: N $\frac{1}{2}$ NE $\frac{1}{4}$ ; NE $\frac{1}{4}$ NW $\frac{1}{4}$

*Ice Man 2W-15-1C*

***Wellbore Spacing Unit (“WSU”) No. 1***

*Ice Man 2W-15-2N*

***WSU No. 2***

Approximately 555.954 acres, more or less, Weld County, Colorado.

These lands are hereinafter referred to as the “Application Lands” and depicted in Exhibit A attached hereto. The Application Lands lie in the Town of Severance, the east of the Application Lands being the intersection of 4<sup>th</sup> Avenue (to the north) and 1<sup>st</sup> Street (to the east), as further depicted on Exhibit A.

3. As of the date of this Application, Applicant owns, or has secured the consent of the owners of, more than 45 percent of the mineral interests to be pooled under this Application.

4. On April 27, 1998, the Commission adopted Rule 318A. which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all of the Cretaceous Age Formations from the base of the Dakota Formation to the surface. On December 5, 2005, Rule 318A. was amended to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A. was again amended to, among other things, address drilling of horizontal wells. The Application Lands are subject to Rule 318A. for the Target Formations.

5. Upon information and belief, Applicant designated two (2) horizontal wellbore spacing units comprised of the Application Lands, for the below-described wells, for the production of oil, gas, and associated hydrocarbons from the Target Formations. Applicant notified all owners in the proposed wellbore spacing units pursuant to Rule 318A.e.(5). Applicant did not receive objections to the establishment of the proposed designated horizontal wellbore spacing units within the 30-day response period:

- a. Ice Man 2W-15-1C (API No. 05-123-46340) (Codell) WSU No. 1;
- b. Ice Man 2W-15-2N (API No. 05-123-46339) (Niobrara) WSU No. 2.

These wells are collectively referred to hereinafter as the "Subject Wells."

6. Applicant has been unable to effect the voluntary pooling of all interests within two (2) horizontal wellbore spacing units comprised of the Application Lands. Therefore, acting pursuant to the relevant provisions of §34-60-116(6) & (7), C.R.S., and Rule 530., Applicant seeks an order pooling all interests, including, but not limited to, any nonconsenting interests, in the Application Lands, for the development and operation of the Target Formations.

7. Applicant requests that the Commission's pooling order be made effective as of the earlier of the date of this Application, or the date that the costs specified in §34-60-116(7)(b), C.R.S., are first incurred for the drilling of the Subject Wells within the Application Lands.

8. Further, Applicant requests that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the Subject Wells be deemed nonconsenting owners and made subject to the cost recovery provisions of §34-60-116(7), C.R.S., effective as of the earlier of the date of the Application, or the date the costs specified in §34-60-116(7)(b), C.R.S., are first incurred for the drilling of the Subject Wells.

9. Each of the Subject Wells has been designated as an Oil Well (on the respective Form 2, Application for Permit to Drill) for purposes of §34-60-116(7)(c)(I)(B),

C.R.S., and any nonconsenting owners within the wellbore spacing units not subject to a lease or other contract for oil and gas development shall be deemed to have a landowner's proportionate royalty of sixteen percent pursuant to §34-60-116(7)(c)(I)(B), C.R.S.

10. Applicant has complied with all requirements of C.R.S. § 34-60-116(7)(d)(I) and has provided a reasonable offer to lease, made in good faith, to all unleased mineral owners, if present in the Application Lands, no less than ninety (90) days in advance of the hearing date for which the Applicant proposes the matter be docketed. Further, Applicant states that it has complied with all relevant requirements under Rule 530. Applicant will provide specific evidence and testimony to support approval of the relief requested herein in accordance with Commission rules.

11. The granting of this Application is in accord with the Oil and Gas Conservation Act, found at §§34-60-101, et seq., C.R.S., and the Commission rules.

12. Applicant requests that relief granted under this Application should be effective on oral order by the Commission, and Applicant hereby agrees to be bound by said oral order.

13. The undersigned certifies that copies of this Application will be served on each interested party as required by Rule 507 within thirty (30) days of the filing hereof, as required by Rule 503.e.

WHEREFORE, Applicant respectfully requests that this matter be set for the February 2020 hearing, that notice be given as required by law and that upon such hearing, the Commission enter its order:

A. Pooling all interests in an two (2) designated horizontal wellbore spacing units for the Application Lands, for the development and operation of the Target Formations, effective as of the earlier of the date of this Application, or the date that the costs specified in §34-60-116(7)(b), C.R.S., are first incurred for the drilling of the Subject Wells.

B. Providing that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the Subject Wells be deemed nonconsenting owners and made subject to the cost recovery provisions of §34-60-116(7), C.R.S., effective as of the earlier of the date of the Application, or the date the costs specified in §34-60-116(7)(b), C.R.S. are first incurred for the drilling of the Subject Wells.

C. Providing that any nonconsenting owners within the WSUs not subject to a lease or other contract for oil and gas development be deemed to have a landowner's proportionate royalty of sixteen percent pursuant to §34-60-116(7)(c)(I)(B), C.R.S.

D. For such other findings and orders as the Commission may deem proper or advisable in the premises.

DATED this 27<sup>th</sup> day of November, CORRECTED December 5, 2019.

Respectfully submitted,

**BEFORE THE OIL & GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO**

IN THE MATTER OF AN APPLICATION BY  
EXTRACTION OIL & GAS, INC. FOR AN ORDER  
POOLING ALL INTERESTS IN TWO (2)  
DESIGNATED WELLBORE SPACING UNITS  
ESTABLISHED FOR PORTIONS OF TOWNSHIPS 6  
AND 7 NORTH, RANGE 67 WEST, 6TH P.M., FOR  
THE DEVELOPMENT AND OPERATION OF THE  
NIOBRARA AND CODELL FORMATIONS,  
WATTENBERG FIELD, WELD COUNTY, COLORADO

CAUSE NO. 407

DOCKET NO.

TYPE: POOLING

**APPLICATION**

Extraction Oil & Gas Inc., Operator No. 10459 (“Extraction” or “Applicant”), by and through its attorneys, Beatty & Wozniak, P.C., respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado (“Commission”) for an order pooling all interests in two (2) designated wellbore spacing units established for portions of Townships 6 and 7 North, Range 67 West, 6<sup>th</sup> P.M., for the development and operation of the Niobrara and Codell Formations (“Target Formations”). In support of its Application, Applicant states and alleges as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado, and has registered as an operator with the Commission.

2. Applicant is an owner in the below-listed lands:

Township 6 North, Range 67 West, 6<sup>th</sup> P.M.

Section 34: S $\frac{1}{2}$ SE $\frac{1}{4}$ ; SE $\frac{1}{4}$ SW $\frac{1}{4}$

Section 35: S $\frac{1}{2}$ S $\frac{1}{2}$

Township 7 North, Range 67 West, 6<sup>th</sup> P.M.

Section 2: N $\frac{1}{2}$ N $\frac{1}{2}$

Section 3: N $\frac{1}{2}$ NE $\frac{1}{4}$ ; NE $\frac{1}{4}$ NW $\frac{1}{4}$

*Ice Man 2W-15-1C*

***Wellbore Spacing Unit (“WSU”) No. 1***

*Ice Man 2W-15-2N*

***WSU No. 2***

Approximately 555.954 acres, more or less, Weld County, Colorado.

These lands are hereinafter referred to as the “Application Lands” and depicted in Exhibit A attached hereto. The Application Lands lie in the Town of Severance, the east of the Application Lands being the intersection of 4<sup>th</sup> Avenue (to the north) and 1<sup>st</sup> Street (to the east), as further depicted on Exhibit A.

3. As of the date of this Application, Applicant owns, or has secured the consent of the owners of, more than 45 percent of the mineral interests to be pooled under this Application.

4. On April 27, 1998, the Commission adopted Rule 318A. which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all of the Cretaceous Age Formations from the base of the Dakota Formation to the surface. On December 5, 2005, Rule 318A. was amended to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A. was again amended to, among other things, address drilling of horizontal wells. The Application Lands are subject to Rule 318A. for the Target Formations.

5. Upon information and belief, Applicant designated two (2) horizontal wellbore spacing units comprised of the Application Lands, for the below-described wells, for the production of oil, gas, and associated hydrocarbons from the Target Formations. Applicant notified all owners in the proposed wellbore spacing units pursuant to Rule 318A.e.(5). Applicant did not receive objections to the establishment of the proposed designated horizontal wellbore spacing units within the 30-day response period:

- a. Ice Man 2W-15-1C (API No. 05-123-46340) (Codell) WSU No. 1;
- b. Ice Man 2W-15-2N (API No. 05-123-46339) (Niobrara) WSU No. 2.

These wells are collectively referred to hereinafter as the "Subject Wells."

6. Applicant has been unable to effect the voluntary pooling of all interests within two (2) horizontal wellbore spacing units comprised of the Application Lands. Therefore, acting pursuant to the relevant provisions of §34-60-116(6) & (7), C.R.S., and Rule 530., Applicant seeks an order pooling all interests, including, but not limited to, any nonconsenting interests, in the Application Lands, for the development and operation of the Target Formations.

7. Applicant requests that the Commission's pooling order be made effective as of the earlier of the date of this Application, or the date that the costs specified in §34-60-116(7)(b), C.R.S., are first incurred for the drilling of the Subject Wells within the Application Lands.

8. Further, Applicant requests that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the Subject Wells be deemed nonconsenting owners and made subject to the cost recovery provisions of §34-60-116(7), C.R.S., effective as of the earlier of the date of the Application, or the date the costs specified in §34-60-116(7)(b), C.R.S., are first incurred for the drilling of the Subject Wells.

9. Each of the Subject Wells has been designated as an Oil Well (on the respective Form 2, Application for Permit to Drill) for purposes of §34-60-116(7)(c)(I)(B),

C.R.S., and any nonconsenting owners within the wellbore spacing units not subject to a lease or other contract for oil and gas development shall be deemed to have a landowner's proportionate royalty of sixteen percent pursuant to §34-60-116(7)(c)(I)(B), C.R.S.

10. Applicant has complied with all requirements of C.R.S. § 34-60-116(7)(d)(I) and has provided a reasonable offer to lease, made in good faith, to all unleased mineral owners, if present in the Application Lands, no less than ninety (90) days in advance of the hearing date for which the Applicant proposes the matter be docketed. Further, Applicant states that it has complied with all relevant requirements under Rule 530. Applicant will provide specific evidence and testimony to support approval of the relief requested herein in accordance with Commission rules.

11. The granting of this Application is in accord with the Oil and Gas Conservation Act, found at §§34-60-101, et seq., C.R.S., and the Commission rules.

12. Applicant requests that relief granted under this Application should be effective on oral order by the Commission, and Applicant hereby agrees to be bound by said oral order.

13. The undersigned certifies that copies of this Application will be served on each interested party as required by Rule 507 within thirty (30) days of the filing hereof, as required by Rule 503.e.

WHEREFORE, Applicant respectfully requests that this matter be set for the February 2020 hearing, that notice be given as required by law and that upon such hearing, the Commission enter its order:

A. Pooling all interests in an two (2) designated horizontal wellbore spacing units for the Application Lands, for the development and operation of the Target Formations, effective as of the earlier of the date of this Application, or the date that the costs specified in §34-60-116(7)(b), C.R.S., are first incurred for the drilling of the Subject Wells.

B. Providing that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the Subject Wells be deemed nonconsenting owners and made subject to the cost recovery provisions of §34-60-116(7), C.R.S., effective as of the earlier of the date of the Application, or the date the costs specified in §34-60-116(7)(b), C.R.S. are first incurred for the drilling of the Subject Wells.

C. Providing that any nonconsenting owners within the WSUs not subject to a lease or other contract for oil and gas development be deemed to have a landowner's proportionate royalty of sixteen percent pursuant to §34-60-116(7)(c)(I)(B), C.R.S.

D. For such other findings and orders as the Commission may deem proper or advisable in the premises.

DATED this 27<sup>th</sup> day of November, 2019.

Respectfully submitted,
