☐ No The correct lands: _____

5. Does formation to be pooled match** the approved/pending APD or approved/pending subsequent Form 4? ☐ Yes

☐ No The correct formations: _____

GWA Notes

* If multiple wells are cited for a GWA wellbore spacing unit with incorrect names, numbers, lands, or formations, simply indicate "NOT OKAY" on this review form and do not invest time listing the corrections. The Hearings Office will contact the Operator's attorney to request an amended application.

** Check entire well file for sundries approved after the last approved APD for changes to well name, number, lands, or formation. Check most recent document labeled "Proposed Spacing Unit".
