| CONDITIONS OF APPROVAL, IF ANY LIST | |

| COA Type | Description |
| 1 COA | Operator shall submit drone documentation demonstrating that the other areas (e.g. other portions of the access road) meet vegetative compliance. |

| General Comments | | |
|-------------------------|--|---------------------|
| User Group | Comment | Comment Date |
| Reclamation Specialist | Operator has submitted drone documentation. This submission was not sufficient for ECMC to make a proper evaluation regarding final reclamation compliance because not all final reclamation areas (e.g. access roads) were included within the drone documentation. Further, it was unclear what type of crop/growth stage the reclaimed access road was, due to lack of documentation. | 02/05/2025 |
