TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

Comment: After reviewing the Operator supplied drone imagery, it does not appear that the Bliss 10-33 TB (448568) meets Rule 1004 vegetative compliance. The reclaimed tank battery is not reflective of the adjacent reference areas as evidenced by stunted crop growth which could be a result of soil suitability or compaction issues. Additional reclamation activities are required. Refer to attached inspection photos.

Corrective Action:	Perform reclamation in accordance with Rule 1004.	Date	
Overall Final Reclamation	Fail	Well Release on Active Location	<input type="checkbox"/>
		Multi-Well Location	<input type="checkbox"/>
