Re: Well Reporting
Grand Junction Area
(T12S-R97W)

Dear Sirs,

I am writing in regard to your Grand Junction area operations which has been minimal for quite some time. The wells have been recently inspected and all have been found to be shut-in except for the Whiting #1, sec 33-12S-97W. It appears that the well is used for domestic use purposes.

Send a status update for each well as outlined by Rule 319(b). This well update report is required every six (6) months. Include your longterm plans for your wells. It has also been observed that the wells do not have any lease signs.

Please address my concerns. If you have any questions please contact me at (303) 894-2100.

Yours truly,

Stephan Pott
Sr. Engineer
