KTR requests a witnessed bradenhead test be utilized as an alternate MIT. Two bradenhead tests were reported to the ECMC in 2024 which demonstrate good well bore integrity and indicates there is no danger to the public, wildlife or the environment. This well is shut in waiting for a permit to be issued by the State of Colorado. The well will be brought online within three months of KT Resources receiving the State of Colorado permit which is expected before August 2026
