OGLA	LAS review completed and task passed.	03/12/2025
OGLA	Approval/Passing of the Form 45 acknowledges that the Energy and Carbon Management Commission has received the notice. Approval/Passing of the Form 45 does not convey approval of those disturbance areas detailed on the attached As-built drawing and COGIS map GIS shape files that exceed the permitted disturbance size and/or boundaries from the Form 2A Oil and Gas Location Assessment. ECOM staff may further evaluate compliance of the As-built/existing location size and boundaries with approved permit conditions.	03/12/2025
Reclamation Specialist	Approval/Passing of the Form 45 acknowledges that the Energy and Carbon Management Commission has received the notice. Areas detailed on the Form 45 as-built displayed on the COGIS map may not comprise all areas not needed for production operations, therefore requiring interim reclamation. A field inspection will be conducted at a future date to evaluate compliance with interim reclamation requirements.	08/29/2024
