### **REQUEST FOR INFORMED CONSENT**

Oil and gas operations are regulated in Colorado by the Energy & Carbon Management Commission (“ECMC”). An oil and gas company, or “operator”, may apply for permits from the ECMC to conduct oil and gas operations such as drilling wells to produce oil and natural gas. Effective January 15, 2021, operators must have an approved Oil and Gas Development Plan (“OGDP”) to conduct new oil and gas operations. An approved OGDP gives an operator permission to build one or more new oil and gas locations, or expand existing locations, which may include wellpads where oil and gas wells may be drilled.

ECMC’s rules generally do not allow new oil and gas development within 2,000 feet of a residential or high-occupancy building such as a home or apartment building. This is called a 2,000 foot siting requirement. However, there are some exceptions to this siting requirement. One exception is if the owners and tenants of every occupied building within 2,000 feet of the proposed development provide informed consent for the proposed oil and gas operations.

In addition to ECMC's rules, operators must also obtain permission from the relevant local government(s) where operators plan to conduct oil and gas operations, being Arapahoe County for the State Harvard-Yale Oil and Gas Location. Effective as of November 14, 2023, Arapahoe County's rules were amended to no longer allow new oil and gas development within 3,000 feet of a residential building unit. However, there are some exceptions to this siting requirement, similar to the ECMC. Pursuant to Arapahoe County rule 5-3.6.E.2.b.(i.) an exception may be made if all the owners and tenants of every occupied building within 3,000 feet of the proposed development provide informed consent for the proposed oil and gas operations.

You are receiving this letter because Crestone plans to submit an application to Arapahoe County for approval of an Oil and Gas Location (the State Harvard-Yale Oil and Gas Location) that proposes new oil and gas operations within 3,000 of the building where you live and/or occupy (approximately 2,400' from the Working Pad Surface, and approximately 2,250' from the Disturbance Area, as depicted on the attached).

Crestone is asking for your informed consent to this proposed Oil and Gas Location. If you choose to provide consent, this letter will be included in the application materials and may be made public.

**Informed Consent Decision:**

By signing this document, you are informing Arapahoe County that you have made a fully- informed decision on the oil and gas development proposed near the building that you own or live in.

*I have read and I understand the information provided to me regarding the proposed Oil and Gas Location and its associated operations. I have had the opportunity to ask Crestone questions. I understand the potential impacts of the development, including but not limited to potential impacts to my health. I also understand the benefits that I may receive as a result of the development.*

*I AGREE* to the proposed location and associated oil and gas operations, and voluntarily provide my informed consent.

*I DO NOT* give my consent for the proposed location and associated oil and gas operations.
