Qtrqr: NESW Sec: 25 Twp: 6S Range: 94W Meridian: 6  
Latitude: 39.494416 Longitude: -107.840065

CORRECTIVE ACTIONS:

1 CA# 203419

Corrective Action: If the booster station is no longer in use, Operator shall comply with Rule 911 CLOSURE OF OIL AND GAS FACILITIES & any other applicable CECMC rules & submit a Form 27 Initial for the closure of the booster station. Also contact John Heil with CECMC Environmental Group to discuss observed compliance issues.

Date: 12/03/2024

Response: CA COMPLETED Date of Completion: 12/03/2024

Operator Comment: The subject booster station is still needed to support existing and future TEP water transfer operations throughout TEP's South Rulison Field. TEP is simply re-using the various pumps, motors, and other equipment from this station at other facilities on a temporary basis. Moving various components such as pumps and motors and using them wherever it is needed is not prohibited, and is a common practice. In addition, TEP recently acquired additional acreage and operations from CPX Energy in the Tee Pee Park area. This booster station will be a critical component of our water transfer infrastructure in this area for the next several years. TEP has no plans of closing this facility.

ECMC Decision: \_\_\_\_\_

ECMC Representative: \_\_\_\_\_

**OPERATOR COMMENT AND SUBMITTAL**

Comment: The subject booster station is still needed to support existing and future TEP water transfer operations throughout TEP's South Rulison Field. TEP is simply re-using the various pumps, motors, and other equipment from this station at other facilities on a temporary basis. Moving various components such as pumps and motors and using them wherever it is needed is not prohibited, and is a common practice. In addition, TEP recently acquired additional acreage and operations from CPX Energy in the Tee Pee Park area. This booster station will be a critical component of our water transfer infrastructure in this area for the next several years. TEP has no plans of closing this facility.

This corrective action has been addressed.
