<p><b>THIS IS A FOLLOW UP INSPECTION TO PREVIOUS INSPECTION DOC#: 714201001. All previous corrective actions assigned to this location have not been resolved. All previous corrective actions assigned to this location have been re-assigned to this location with their original corrective action date. One new corrective action was observed at the time of re-inspection. Please review my findings below for additional information.</b></p> <p><b>ECMC Inspection Report Summary</b>                      WEATHER CONDITIONS: sunny, mud/ wet ground.                      On Wednesday, April 2, 2025 at approximately 1100, I, Inspector Brittani Santistevan, conducted an on-site inspection at MANTLE #1, 4-2-28 (Crestone Peak Resources Operating, LLC), at location ID: 332706 in WELD COUNTY, Colorado.                      While there, I observed a shut-in facility.                      During this inspection the following possible compliance issues were observed:                      1. It appears to be equipment left over from PA wellheads. Remove to comply with Rule 603.m., 606. (Corrective Action Date: May 10, 2024) See attached photo #4-7.                      2. It appears to be various unused risers near the separator and ECD. Remove or LOTO to comply with Rule 606. (Corrective Action Date: April 30, 2025) See attached photo #9-11.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of inspection report.</p>	santistb	04/02/2025
