Subject: State Reportable Release 24 Hour Notification - Strear Sidney GU 1

Good afternoon,

We identified a state reportable release following the detection of stray thermogenic gas in the soil near the wellhead. The stray gas was discovered during plug and abandonment activities at the wellhead. The source of the stray gas is currently under investigation, and a Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County contacted via electronic mail
- Surface Owner notification in process

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife was not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Well Name: Strear Sidney GU 1
- Location: NWSW 23 2N 67W
- Latitude/Longitude: 40.120220, -104.862640
- Wellhead ID: 05-123-09362

Please let me know if you have any questions.

Thank you,

Jaron Bartoszek, Environmental Advisor
