Inspection Photos
Location Name: GRAND CANYON #1-31
Location ID: 463808

Photo 1. Looking south at the entrance to the location. It appears that desirable vegetation has established on the access road.

Photo 2. Looking south down access road. Vegetation on access road appears to be approaching 80% coverage of reference vegetation.

Inspection Photos
Location Name: GRAND CANYON #1-31
Location ID: 463808

Photo 3. Location is fenced.

Photo 4. Looking south from the wellbore. It appears that desirable vegetation is progressing towards 80% of the reference area. The area around the wellbore appears to have better coverage than areas closer to the edges of the disturbance.

Inspection Photos
Location Name: GRAND CANYON #1-31
Location ID: 463808

Photo 5. Looking east from the wellbore. See photo 4 comments.

Photo 6. Looking north from the wellbore. See photo 4 comments.

Inspection Photos
Location Name: GRAND CANYON #1-31
Location ID: 463808

Photo 7. Looking west from the wellbore. See photo 4 comments.

Photo 8. Photo taken to the north of the wellbore looking west. Desirable vegetation coverage appears to be less than the area around the wellbore with undesirable weeds such as Kochia present.

Inspection Photos
Location Name: GRAND CANYON #1-31
Location ID: 463808

Photo 9. Looking north from the southwest corner. A large patch of vegetation in this area appears to be predominantly undesirable weeds such as Kochia and list C noxious weed Cheatgrass.

Photo 10. Reference vegetation to the south of the location.

Inspection Photos
Location Name: GRAND CANYON #1-31
Location ID: 463808

Photo 11. Google Earth aerial photos from 03/2025. Weedy patches with lower vegetation establishment (red circles).
