Notes:

1). The environmental cleanup standards for groundwater that are applicable to this site are the Colorado Energy & Carbon Management Commission (ECMC) standards for contaminants in groundwater according to Table 915-1 of the ECMC 900 Series Rule for E&P Waste Management.

**Bold red** values indicate an exceedance of the ECMC groundwater standards for the Site.

µg/L = micrograms per liter.

mg/L = milligrams per liter

(<) - Analytical result is less than the laboratory reporting limit

NS = Not Sampled

J = The identification of the analyte is acceptable; the reported value is an estimate
