General Comment:

This is an environmental inspection for Location ID 333295 Zeiler 19-8 WH. Any corrective actions from previous inspections that have not been addressed are still applicable. There were operator or contract environmental personnel on location at the time of this field inspection doing decommissioning work at the nearby tank battery. Photos attached to document site conditions.

Volume

In Containment: No

Comment: No spills observed during inspection.

☐ Multiple Spills and Releases?**Fencing/:**

Type

Comment:

Orange construction fencing surrounding the perimeter of the excavation requires maintenance and is not installed properly in order to provide adequate protection of public safety (does not effectively prevent access to the excavation when unattended).

Corrective Action:

Operators will fence or cover open excavations to prevent access when sites are not attended per Rule 913.b.(5)B.i.
