**Inspected Facilities:**

| Facility ID | Type            | Status | Status Date | Well Class | API Num | Facility Name           | Insp Status |
|-------------|-----------------|--------|-------------|------------|---------|-------------------------|-------------|
| 469336      | Flowline System | AC     | 11/21/2019  |            | -       | Rulison Flowline System | EG          |

**General Comment:**Flowline Integrity Inspection

4" line in Porcupine Creek is bent and open ended along side of 8" line being used as a line sleeve to 4" line.

Identify 4" bent and open ended line. Identify where the other end of the line is at. Properly abandon the 4" line based once details of line are discovered.
