### INITIAL ACTION SUMMARY

Description of initial action or emergency response measures take to abate, investigate, and/or remediate impacts associated with E&P Waste.

Please see documents associated with ECMC Remediation # 35478 for a summary of activities completed prior to the fourth quarter of 2024.

From 10/1/2024 through 11/18/2024, impacted material identified during previous assessments was removed from the project area and a soil boring was advanced in the middle of the project area to determine vertical extents of the impacts. Summary reports detailing these events are attached and a more formal and comprehensive review of the collected data will be presented in a future Form 27.
