Complaint Description

Location Of Concern:

home in marshall lake subdivision (holly/136th) experiencing low vibration - throughout early morning hours. pdc energy wells at 470/quebec (over 100 in production status) suspected to be the issue as this was the same site years ago that had similar issues. pdc still hasn't returned calls (4/8/25 was when "ticket" was created) for "surface issue" that was said to be "higher priority". it's now been over a month without any call.

Detailed Description Of the Issue(s):

constant vibration and humming. low frequency causing headaches and inability to sleep.
