1 MB

All, writing to notify about a release that occurred on the BCU 14L this morning. During completions start up, a hose was discon- finished. Let me know if you have any questions.

Thanks,

Matt Kasten | Sr. Env. & Permitting Coordinator

3199 D Road, Building A-2
 Grand Junction, CO 81504

connected and ~25bbbls of produced water was released on site. All fluids stayed on working surface. Due to the tank locations, soil

will be remediated after completions is
