General Comment:

On 05/07/2025, Reclamation Specialist Maxwell conducted a interim reclamation and stormwater management inspection at Fulcrum Energy's Surprise-Damfino S6 Pad in Jackson County, Colorado.

This inspection is a follow-up to Inspection #712300063 dated 9/10/2024, to document compliance with the following corrective actions:

- Interim Reclamation
- Weeds
- Topsoil stockpile protection
- Unused equipment
- Wildlife Protection
- Stormwater Management

Refer to the "Location" and "Reclamation" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable. Any new corrective actions without corrective action dates, requires the Operator the comply with the Rules as soon as possible or when environmental conditions permit. Location will remain out of compliance until corrective action(s) has (have) been resolved and a follow up inspection will be conducted to ensure the compliance issues have been corrected to comply with ECMC rules.

1002c. PROTECTION OF SOILS _____

Comment

It was observed in this inspection that the topsoil stockpile was stabilized with erosion matting. Matting has "blown off" in some areas. Continue to maintain matting and monitor until vegetation has established.

This corrective action has been resolved.

1003 f. Weeds Noxious weeds? _____

Comment It appears that seeding has occurred in the interim reclamation area. In form #403963520, the seed mix attached was provided by the surface owner. It appears that the only species growing at this time is clover. Monitor the interim area for plant growth. It appears that interim reclamation is progressing towards 1003 standards.

This corrective action has been resolved.
