CECMC Inspection Report Summary

On Tuesday 7/1/2025, I, Inspector Scott Ramsey, conducted a follow up inspection/audit at TEP Frei A Pad, at Location #417777 in Garfield county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad. No evidence of a tracking pad on location.

C/a's from previous inspection document # 708303710 (Well signage inaccurate information and unused equipment-separator) have not been addressed therefore C/A dates remain.

During this inspection the following compliance issues were observed:

1. Wellhead signs contain inaccurate information (operator name and phone number). C/A date 5/17/2025
2. Unused separator unit stored on location. C/A date 2/6/2025
3. Random staining
4. Random debris
5. Small hole in containment

Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
