OPERATOR COMMENTS:

Williford is requesting closure of the Form 19 process and will manage release closure using the Form 27 process. This Supplemental Form 19 was not timely, a Supplemental Form 19 was created (ECMC Doc# 404159739) but it was inadvertently deleted instead of being submitted. Williford is working through a backlog of issues to become compliant. Williford has developed a MS Excel spreadsheet to track these processes and attempt to be more timely in reporting.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
