Department of Natural Resources

Inspection Photos
Location Name: CINQUE FEDERAL #8-31
Location ID: 328007

Photo 1. Looking east from the middle of the tank battery location at the former meter shed area. A wooden post and cement blocks are present (red circle). A 30'x30' disturbance area is present.

Photo 2. Looking west across the meter shed area. A depression/hole is present around the meter shed area.

Inspection Photos
Location Name: CINQUE FEDERAL #8-31
Location ID: 328007

Photo 3. Photo from FIR 682404547. It appears the post and cement blocks are associated with oil and gas activity.

Photo 4. Looking east from the wellbore. No oil and gas equipment remains at the well location. The well location is within an area disturbed by mining. The vegetation on location appears reflective of the surrounding area. See photo 8.

Inspection Photos
Location Name: CINQUE FEDERAL #8-31
Location ID: 328007

Photo 5. Looking north from the wellbore. See photo 4 comments.

Photo 6. Looking west from the wellbore. See photo 4 comments.

Inspection Photos
Location Name: CINQUE FEDERAL #8-31
Location ID: 328007

Photo 7. Looking south from the wellbore. See photo 4 comments.

Photo 8. Google earth aerial imagery taken 06/2017. The well location and tank battery excluding the area around the meter shed appear to have been superseded by mining activity.

Inspection Photos
Location Name: CINQUE FEDERAL #8-31
Location ID: 328007

Photo 9. Google earth imagery from 03/02/2025. The hole and debris is visible and appears non-oil and gas ground disturbing activities were not conducted on the meter shed area.
