General Comment:

ECMC Inspection Report Summary
On Tuesday 7/15/2024, I, Inspector Scott Ramsey, conducted a routine inspection on site at Argali Exploration McWilliams 4-31, at Location # 312982 in Route county Colorado.
Any Corrective Actions from previous Inspections that have not been addressed are still applicable.
While there, I observed normal operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife black bear Management and Density habitat.
During this inspection the following possible compliance issues were observed:
1. Random debris
2. Weeds throughout location and access road.
3. Well head signage is illegible.
4. 1000 gallon methanol tank is unused equipment and not properly contained.
5. No form 15 on file for pit.

Refer to photograph of observed compliance issue.
A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
This is a summary of inspection report.

Location			
Overall Good: <input type="checkbox"/>			
Signs/Marker:			
Type	WELLHEAD		
Comment:	Well head signage is illegible.		
Corrective Action:	Within 60 days after a new Well is Completed, including each Well on a Multi-Well Site, or an existing sign is replaced or modified, a permanent sign will be conspicuously located at the wellhead and will identify: A. The Well name; B. The API number; and C. Its legal location, including the quarter/quarter section. When no associated Tank battery is present at the Oil and Gas Location, the following additional information is required on the Well sign: A. Name of the Operator; B. Telephone number at which the Operator can be reached at all times; C. Telephone number for local emergency services (911 where available); and D. The public road used to access the Well.
