General Comment:

ECMC Inspection Report Summary
On Tuesday 7/15/2024, I, Inspector Scott Ramsey, conducted a routine inspection on site at Argali Exploration Frosty Acres 1, at Location # 313195 in Moffett County Colorado.
Any Corrective Actions from previous Inspections that have not been addressed are still applicable.
While there, I observed T/A well with some equipment still on location. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife black bear Management and Density habitat.
During this inspection the following possible compliance issues were observed:

1. Random debris
2. Well signage lacks information
3. Weeds throughout location
4. 2 unmarked drums not contained
5. well is overdue for MIT

Refer to photograph of observed compliance issue.
A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
This is a summary of inspection report.

Location

Overall Good:

Signs/Marker:

Type	WELLHEAD		
Comment:	Well signage lacks information		
Corrective Action:	Provide proper signage	Date:	09/07/2025

Idle Well

Purpose: Shut In Temporarily Abandoned Reminder: _____

Comment: Last MIT was done 2013-Well is overdue for Mechanical Integrity Test.

Corrective Action: MIT requires 10-day notification via Form 42. A mechanical integrity test will be performed on each Shut-in Well within 2 years of the initial shut-in-T/A date. Subsequently, a mechanical integrity test will be performed on each Shut-in-T/A well on 5-year intervals from the date the initial mechanical integrity test was performed, as long as the Well remains shut-in-T/A. A compliance plan needs to be established with COGCC engineering.
