Well was plugged on 6/25/25. No Form 6s or Form 27s has been submitted yet. Date of inspection was the same date the heavy equipment finished digging out around the wellhead and removed production equipment. Wellhead has been cut, capped and awaiting soil sample analysis before being covered. Equipment has been removed from location and ready for final reclamation. Final reclamation will be verified by reclamation specialist.	welshb	08/15/2025
