COLO. OIL & GAS CONS. COM'Y

Dear Mr. Binkley:

We plugged ten wells during the summer of 1991 and are in the process of cleaning up all of the well sites. The major cause of delay was finding an equipment yard to store surplus equipment which could not be sold. Last month we secured a lease on an equipment yard, and therefore we are now able to complete the clean up/reclamation work on these abandoned wells.

We have contracted with Teter and Son Oil Field Construction to clean up these well sites and they have indicated that they should be able to finish up the Larson in the next 30 days. We apologize for the delay in getting this work done.

Yours very truly,

DIAMONDBACK OIL CORPORATION

Gregory N. Schmidt
