<p><a href="#">ECMC Audit Report Summary</a>  <b>WEATHER CONDITIONS:</b> sunny, wet ground(from sprinkler system nearby).                      On Monday, September 8, 2025 at approximately 1000, I, Inspector Brittani Santistevan, conducted an on-site inspection at BERNHARDT J 31-22D, 31-21D (PDC Energy), at location ID: 332790 in WELD COUNTY, Colorado.                      While there, I observed a producing facility.                      During this inspection the following possible compliance issues were observed:                      1. It appears to be some erosion to the location south of the gas meters. Install BMPs per rule 1002.f. (Corrective Action Date: October 8, 2025) See attached photo #6, 7.                      2. It appears to be no emergency contact number on both wellhead signs. Install sign to comply with Rule 605.d. (Corrective Action Date: September 12, 2025) See attached photos #8, 10.</p> <p>A follow up on this site audit needs to be conducted to ensure the compliance issues have been corrected to comply with ECMC rules.                      This is a summary of the audit report.</p>	santistb	09/08/2025
