**Operator Comments:**

Laramie is requesting for confidentiality of well records as allowed by ECMC Rule 206.c.(1).

The 2024 CCR 0994-23-02 OGDG was approved on May 21, 2025. The OGDG includes two horizontal wells from the CCR 0994-23-02 well pad. Laramie is requesting confidentiality of well records (ECMC Rule 206.c.(1)) for both wells and will submit a Sundry for each well.

OGDP #: 489563 (Order # 586)  
Location ID: 490270

The two wells permitted as part of the 2025 CCR 0994-23-02 OGDG meet ECMC's definition of a "WILDCAT (EXPLORATORY) WELL". The subject wells are Laramie Energy's first two horizontal wells in the Mancos/Niobrara (group/formation). Laramie will be determining producing flow rates & reserves and ultimately if this is an economically exploitable resource based on the data from these two Wildcat (Exploratory) wells. The confidentiality of the data provided by these two wells is imperative for Laramie to act on the results of this exploratory project.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
