General Comment:

On 9/25/2025, Western Reclamation Work Lead Trujillo conducted a Final Reclamation inspection at Eagle Operating Inc's Emerald C-2HZ location in Rio Blanco County, Colorado.

This inspection is a follow-up to #718100797 to document compliance with the following corrective actions:
-Final Reclamation / Weeds

This inspection is also in response to Resolution #404363872 stating "CA Complete".

Refer to the Reclamation sections of this inspection report for additional details.

Refer to the photo-documentation attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable.

 TOTAL % OF DESIRABLE VEGETATION COVER _____
 VEGETATIVE COVER _____

Comment:

Pursuant to Resolution #404363872, weeds were removed and disposed of properly, and Location reseeded.

Noxious weeds (Halogeton) remain established on the Location, and have not been removed or disposed. Unclear if alternative management methods (such as herbicide) were implemented, however many plants have reached viable maturity and are flowering.

Additionally, unable to observe evidence that seeding efforts have occurred; drill rows associated with drill seeding not observed, and no seed was observed on the soil surface if broadcast seeding was performed.

Unable to find evidence that work was performed.

Corrective Action:

Pursuant to Rule 210, submit documentation of weed management and reclamation efforts conducted. At a minimum, include details/information such as specific work performed, invoices, seed tags, etc... Submit documentation/records attached to a Form 4 Sundry notice; check the box stating "Route to the Area Reclamation Specialist" within the "reclamation" tab of the sundry.
