Continental Oil Company  
P.O. Box 680  
Casper, Wyoming 82602

Attention: J. O. O'Neal, District Manager

Gentlemen:

Re: No. 10 McCallum Unit  
SE SW, Sec. 3, T-9N, R-79W  
Jackson County, Colorado

On September 15, 1964, we received your Form 4, Sundry Notices and Reports of Wells, stating your intention to inject water into subject well. Rule 315 of our Rules and Regulations states: "All operators engaged in the injection of fluids into any formation shall file monthly with the Commission a detailed account of such operation on Form 14."

We request that you begin sending in these reports starting with the first month of injection, and stating the initial injection date, and then submit a report each month thereafter in which water is injected into the reservoir. We are enclosing a few of these Form 14's for your use. Additional forms will be sent to you upon request.

If you have any question in this regard, please advise.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

J. A. McKee, Associate Petroleum Engineer
