Detected Leak on Operator's CDPHE/AQCC Reg 7 Delayed Repair List	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>

\*Please note individual wells may fall into more than one Category of Interest

Describe the Operator's compliance with the timelines in Rule434.d.(4).

PDC intends to plug and abandon its Out of Service Wells under the Rule 434.d. timelines through PDC's current asset retirement obligation process and operations ("ARO Program"). Through the ARO Program, PDC has plugged over 2,300 wells since 2017. PDC has general liability insurance (policies MWZZ316714 and MWZX316724) and financial assurance in compliance with ECMC rules. Records are available on the ECMC's website. All OOS List wells will be plugged within their timeline as defined by ECMC.

**OPERATOR COMMENT AND SUBMITTAL**

I hereby certify all statements made on this form are, to the best of my knowledge at the time of submittal, true, correct, and complete.

Wells that have been submitted on the OOS List Form 6A are closely tracked by document number and due date to ensure all plugging/abandonment and associated activities are completed by the ECMC date provided on wells' corresponding OOS List submission. Financial capabilities and compliance obligations are addressed in the Out of Service Wells Report Tab.
